Notes:

1. The Ministry of Corporate Affairs (“MCA”) vide its General Circular Nos. 20/2020 dated 5th May 2020 and 3/2025 dated September 22, 2025 respectively [in continuation of all earlier General Circulars in regard to holding General Meetings through Video Conferencing (VC) / Other Audio Visual Means (OAVM)], has allowed, inter alia, conduct of AGMs through Video Conferencing/ Other Audio-Visual Means (“VC/ OAVM”) facility. The Securities and Exchange Board of India (“SEBI”) also has provided certain relaxations from compliance with certain provisions of the SEBI (LODR) Regulations, 2015 (“Listing Regulations”) allowing holding General meeting through VC/ OAVM. Accordingly, in compliance with the provisions of the Companies Act, 2013 (“Act”), SEBI (LODR) Regulations, 2015 (“SEBI Listing Regulations”) and MCA Circulars, the AGM of the Company is being held through VC / OAVM, without the physical presence of the members at a common venue. The deemed venue for the AGM shall be the Registered Office of the Company. The facility of casting votes by a member using remote e-voting system as well as venue e-voting on the date of the AGM will be provided by NSDL.
2. In compliance with the MCA Circulars and SEBI circulars, Notice of the AGM along with the Annual Report for the financial year 2025-2026 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company / Registrar and Transfer Agent / Depository Participants / Depositories. The Annual Report for the financial year 2025-2026 together with the Notice convening this AGM is available on the website of the Company at www.akashinfra.com; Stock Exchange i.e. NSE Limited at www.nseindia.com and on the website of NSDL at www.evoting.nsdl.com.
3. Since this AGM is being held through VC / OAVM, pursuant to the MCA Circular, the facility to appoint proxy (ies) to attend and cast vote for the members is not available for this AGM and physical attendance of Members has been dispensed with. Hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. As the meeting is to be convened through VC / OAVM the requirement of attaching the route map for the venue of meeting does not arise.
5. Explanatory statement pursuant to Section 102 of the Companies Act, 2013 in respect of special business is annexed herewith and forms integral part of the Notice.
6. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
7. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs the Company is providing facility of remote e-

Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as venue voting on the date of the AGM will be provided by NSDL on all resolution set forth in this Notice.

8. SEBI vide circular nos. SEBI/HO/OIAE/OIAE_IAD- 1/P/CIR/2023/131 dated July 31, 2023 and SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023 read with master circular no. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/145 dated August 11, 2023, had issued guidelines towards an additional mechanism for investors to resolve their grievances by way of Online Dispute Resolution ('ODR') through a common ODR portal. Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievance with the Company/its Registrar and Share Transfer Agent directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>) and the same can also be accessed through our website at www.akashinfra.com. Members can access the SEBI Circulars on the website of SEBI at <https://www.sebi.gov.in/> and the same are also available on the website of the Company at www.akashinfra.com.
9. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairperson of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
10. Pursuant to the provisions of Section 125 of the Companies Act, 2013 the amount of dividend remaining unpaid or unclaimed for a period of seven years from the date of its transfer to the Unpaid Dividend Account of the Company, is required to be transferred to the Investor Education and Protection Fund, set up by the Government of India. Kindly note that once unclaimed and unpaid dividends are transferred to the Investor Education and Protection Fund, Members will have to approach to IEPF for such dividend. The details of unpaid dividend are uploaded on the website of the Company at www.akashinfra.com.
11. In light of the above MCA Circulars, the shareholders who have not submitted their email addresses and in consequence to whom the Notice of AGM along with Annual Report could not be serviced, may temporarily get their e-mail addresses registered with the Company's Registrar and Share Transfer Agent at support@purvashare.com or with the Company by sending an e mail at cs@akashinfra.com Post successful registration of the e-mail address, the shareholder would get soft copy of Notice of AGM along with Annual Report with user-id and the password to enable e-voting for AGM. In case of any queries, shareholder may write to the Company at **cs@akashinfra.com** to Registrar and Transfer Agent at support@purvashare.com. Only those Shareholders whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on cut-off date i.e. **Wednesday, September 23, 2026** shall be entitled to avail the facility of remote e-voting or voting at the Annual General Meeting.
12. The documents and registers required to be open for inspection are open for inspection at the registered office of the Company on all working days except Saturdays, Sundays and Public holidays between 11:00 A.M. to 05:00 P.M. up to the date of the AGM and also available electronically on the website of the Company as on the date of the AGM.
13. SEBI Master circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated 17th May, 2023 provides simplified norms for processing investor's service request for furnishing mandatorily PAN, KYC details and Nomination etc. i.e., PAN, contact details (postal address, Mobile Number & E-mail), Nomination and Bank Account details of first holder.

Investor may visit the Company/RTA website for registering/changing/updating all or any of the above details by furnishing required documents along with the duly filled appropriate form/s viz.

ISR-1 (for KYC), ISR- 2 (for signature verifications), ISR-3 (for opting out from nomination) and Nomination forms SH-13/14, as the case may be.

14. Members who would like to express their views or ask questions during the AGM may register themselves at cs@akashinfra.com. The Speaker Registration will be open till **Wednesday, September 23, 2026**. Only those Members who are registered will be allowed to express their views or ask questions. The Company reserves the right to restrict the number of questions and number of speakers, depending upon availability of time as appropriate for smooth conduct of the AGM.
15. Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the Cut-off date i.e. June 19, 2026, shall be entitled to avail the facility of remote e-voting as well as venue voting system on the date of the AGM. Any recipient of the Notice, who has no voting rights as on the Cut-off date, shall treat this Notice as intimation only.
16. A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the AGM and prior to the Cut-off date i.e. Wednesday, September 23, 2026 shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or venue voting system on the date of the AGM by following the procedure mentioned in this part.

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following Statement pursuant to Section 102 of the Companies Act, 2013, sets out all material facts relating to the businesses mentioned in the accompanying Notice.

Item No. 4

In pursuance of Section 148 of the Companies Act, 2013 and Rule 14 of the Companies (Audit and Auditors) Rules, 2014, read with Companies (Cost Records and Audit) Rules, 2014, the Board of Directors of the Company, on recommendation of the Audit Committee, has appointed **M/s. Rahil Shah & Associates**, Cost Accountant (FRN 002123) as the Cost Auditors of the Company for the financial year **2026-27** to conduct the audit of the cost records of the Company. As per the provisions, the remuneration payable to the Cost Auditors is required to be ratified by the Members of the Company.

Accordingly, approval of the Members is sought by way of an **Ordinary Resolution** for ratification of the remuneration payable to the Cost Auditor for the financial year ending on March 31, 2027.

The Board recommends passing of **Ordinary Resolution** for approval of the Members.

None of the Director, Key Managerial Personnel of the Company or their relatives is in any way, concerned or interested in the resolution.

Item No. 5

Pursuant to the provisions of Sections 149, 150, 152 and other applicable provisions of the Companies Act, 2013 ("Act"), read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and the applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the Board of Directors of the Company, based on the recommendation of the Nomination and Remuneration Committee, has recommended the appointment of **Mrs. Urvi Sachin Bhatt (DIN: 11883721)** as an Independent Director of the Company.

Existing Independent Directors namely **Mr. Ashwinkumar Bholanath Jani (DIN: 07709994)** and **Mrs. Monika Shekhawat (DIN: 07710330)**, will complete the maximum permissible tenure of two consecutive terms as an Independent Director on **January 16, 2027** in accordance with the provisions of Sections 149(10) and 149(11) of the Act. Accordingly, their tenure as an Independent Director shall cease upon completion of the said tenure.

With a view to ensuring continuity in the composition of the Board and compliance with the applicable provisions of the Act and the SEBI Listing Regulations, the Board has recommended the appointment of **Mrs. Urvi Sachin Bhatt** as an Independent Director of the Company for a term of five consecutive years **from January 17, 2027 up to January 16, 2032**. Accordingly, the approval of the Members is being sought at this Annual General Meeting, for appointment as an Independent Director to be made effective from **January 17, 2027**.

The Company has received from **her**:

1. Consent to act as a Director in Form DIR-2;
2. Declaration that he is not disqualified under Section 164 of the Companies Act, 2013;
3. Declaration confirming that he meets the criteria of independence prescribed under Section 149(6) of the Act;
4. A declaration to the effect that he/she is not debarred from holding the office of Director pursuant to any Order issued by the Securities and Exchange Board of India (SEBI).

In the opinion of the Board, **Mrs. Urvi Sachin Bhatt** fulfils the conditions specified under the Companies Act, 2013 and the rules made thereunder and the SEBI Listing Regulations for appointment as an Independent Director and is independent of the management of the Company.

Brief profile of **proposed director** including her qualifications, expertise, experience, directorships, committee memberships and other disclosures required under the Companies Act, 2013 and the SEBI Listing Regulations, forms part of the Annexure to this Notice.

The Board of Directors, based on the recommendation of the Nomination and Remuneration Committee, considers that the appointment of **Mrs. Urvi Sachin Bhatt** as an Independent Director would be in the best interests of the Company and accordingly recommends the **Special Resolution** or approval by the Members.

None of the Director, Key Managerial Personnel of the Company or their relatives is in any way, concerned or interested in the resolution.

Item No. 6

Pursuant to the provisions of Sections 149, 150, 152 and other applicable provisions of the Companies Act, 2013 ("Act"), read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and the applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the Board of Directors of the Company, based on the recommendation of the Nomination and Remuneration Committee, has recommended the appointment of **Mr. Lalji Kishorji Vaghela (DIN: 11899882)** as an Independent Director of the Company.

Existing Independent Directors namely **Mr. Ashwinkumar Bholanath Jani (DIN: 07709994)**, and **Mrs. Monika Shekhawat (DIN: 07710330)**, will complete the maximum permissible tenure of two consecutive

terms as an Independent Director on **January 16, 2027** in accordance with the provisions of Sections 149(10) and 149(11) of the Act. Accordingly, his tenure as an Independent Director shall cease upon completion of the said tenure.

With a view to ensuring continuity in the composition of the Board and compliance with the applicable provisions of the Act and the SEBI Listing Regulations, the Board has recommended the appointment of **Mr. Lalji Kishorji Vaghela** as an Independent Director of the Company for a term of five consecutive years **from January 17, 2027 up to January 16, 2032**. Accordingly, the approval of the Members is being sought at this Annual General Meeting, for appointment as an Independent Director to be made effective from **January 17, 2027**.

The Company has received from **him**:

1. Consent to act as a Director in Form DIR-2;
2. Declaration that he is not disqualified under Section 164 of the Companies Act, 2013;
3. Declaration confirming that he meets the criteria of independence prescribed under Section 149(6) of the Act;
4. A declaration to the effect that he/she is not debarred from holding the office of Director pursuant to any Order issued by the Securities and Exchange Board of India (SEBI).

In the opinion of the Board, **Mr. Lalji Kishorji Vaghela** fulfils the conditions specified under the Companies Act, 2013 and the rules made thereunder and the SEBI Listing Regulations for appointment as an Independent Director and is independent of the management of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. GLOBAL ECONOMY DEVELOPMENTS, INDUSTRY STRUCTURE AND OUTLOOK

The global economy demonstrated resilience in 2025 despite a challenging operating environment marked by geopolitical tensions, evolving trade policies and tighter financial conditions across several advanced economies. Global growth remained steady at around 3.4% in 2025, supported by moderating inflation, gradual monetary policy normalization and continued investment activity. According to the International Monetary Fund's April 2026 World Economic Outlook, global growth is projected to moderate to 3.1% in 2026 and recover marginally to 3.2% in 2027, reflecting a gradual adjustment amid persistent uncertainties. While economic activity has remained stable, risks arising from geopolitical conflicts, trade fragmentation and supply chain realignments continue to influence global economic prospects.

Regional growth patterns remain diverse, with emerging markets and developing economies continuing to contribute significantly to global expansion. Emerging and Developing Asia remains a key growth driver, supported by strong economic activity in India and China, along with increasing investments in infrastructure, manufacturing and energy systems. Advanced economies are expected to experience moderate growth due to demographic constraints, policy adjustments and gradual industrial recovery. Across economies, governments continue to prioritize infrastructure modernization, logistics networks, energy transition initiatives and supply chain resilience to strengthen long-term competitiveness and economic stability.

Infrastructure investment continues to play a critical role in supporting sustainable economic growth. Increased spending on transportation networks, urban infrastructure, renewable energy, digital connectivity and industrial capacity is supporting capital formation and construction activity across regions. Despite uncertainties arising from geopolitical developments and evolving global trade dynamics, technology-led investments, supply chain diversification and infrastructure development are expected to provide long-term growth opportunities. The continued focus on resilient infrastructure and economic transformation is expected to support global investment activity over the medium term.

B. INDIAN ECONOMY DEVELOPMENTS, INDUSTRY STRUCTURE AND OUTLOOK

The Indian economy maintained strong momentum during Financial Year 2025–26, supported by resilient domestic demand, sustained investment activity and continued policy emphasis on infrastructure-led development. Real GDP growth is estimated at 7.6%, reflecting the strength of India's underlying economic fundamentals and its position among the fastest-growing major economies. Growth was supported by steady expansion in services, manufacturing and infrastructure sectors, along with improving consumption trends and significant public capital expenditure. Government-led investments in transport infrastructure, logistics networks and industrial capacity continued to strengthen economic activity while encouraging greater private sector participation.

Infrastructure remained a key pillar of India's economic development strategy, supported by sustained investments in highways, railways, urban infrastructure, renewable energy and industrial corridors. Programmes such as PM Gati Shakti, expansion of multimodal logistics networks, metro infrastructure development and investments in warehousing capacity are expected to enhance connectivity, improve productivity and create a strong pipeline of infrastructure opportunities. Policy initiatives including Make in India, Production Linked Incentive schemes and manufacturing-focused reforms have further strengthened domestic capabilities, encouraged supply chain localization and supported India's integration with global value chains.

India's macroeconomic environment remained resilient despite global uncertainties, commodity price fluctuations and geopolitical challenges. Domestic consumption continued to provide stability, while services exports, remittance inflows and foreign investment supported external sector resilience. Inflation remained manageable, although energy prices and global commodity

movements continue to require monitoring. The Reserve Bank of India maintained a balanced policy approach, focusing on inflation management while supporting sustainable growth. With continued infrastructure investment, digital transformation, manufacturing expansion and policy support, India is well positioned to maintain a strong long-term growth trajectory, creating sustained opportunities across infrastructure and allied sectors.

C. OPPORTUNITIES AND THREATS

The Indian infrastructure sector continues to benefit from sustained policy support, strong public capital expenditure and increasing demand for improved connectivity. Government initiatives focused on highways, expressways, logistics corridors and multimodal infrastructure are expected to provide growth opportunities for road construction companies. Gujarat's strong industrial base, port connectivity and expanding economic activity further support demand for quality road infrastructure and related development projects.

The sector outlook remains positive, supported by continued infrastructure investments, urbanisation, industrial growth and increasing emphasis on efficient transportation networks. Adoption of technology, mechanised construction practices and improved project execution capabilities are expected to enhance productivity and construction quality.

While the growth outlook remains favourable, the sector continues to face challenges such as competitive intensity, execution delays, regulatory approvals, land acquisition issues and volatility in input costs. These factors may impact project timelines and profitability. However, with prudent project management, operational efficiency and a strong focus on quality execution, the Company remains well positioned to capitalise on emerging opportunities while effectively managing sectoral challenges.

D. RISKS AND CONCERNS

The infrastructure and construction sector is exposed to multiple risks, both internal and external. Delays in land acquisition, regulatory approvals, inflationary pressures, and litigation often result in project cost overruns and extended timelines, necessitating additional funding. High interest costs remain a challenge for the sector, though recent monetary easing by the RBI is expected to ease liquidity pressures.

The industry also faces intense competition from both established and new players, which may create pricing pressure and impact profitability. These risks call for careful monitoring, financial prudence, and operational efficiency. Nevertheless, no material threat has been identified that could endanger the Company's long-term sustainability.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has implemented an Internal Control framework to ensure all assets are safeguarded and protected against loss from unauthorized use or disposition, and transactions are authorized, recorded and reported correctly.

The Company has robust systems for Internal Audit and corporate risk assessment and mitigation. The Internal Control System includes Internal Financial Controls, commensurate with the size, scale and complexity of its operations as approved by the Audit Committee and the Board. The Internal Financial Controls are adequate and working effectively.

Whistle-blower mechanism is an important element of the internal control system encouraging employees to report genuine concerns, misconduct, or fraud without any fear of punishment or unfair treatment. The operation of Whistle-blower mechanism is overseen by the Audit Committee.

F. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the year, the Company reported revenue of Rs. 5,216.68 Lacs as against Rs. 2,651.41 Lacs in the previous financial year, reflecting a significant growth in business operations. The net profit increased to Rs. 56.53 Lacs compared to Rs. 36.05 Lacs in the previous year, supported by operational efficiency, effective cost management and better project execution.

The improved financial performance reflects the Company's continued focus on operational excellence and sustainable growth. Looking ahead, the Company remains focused on pursuing new projects and strengthening its execution capabilities, which are expected to support further growth in revenue and profitability in the coming years.

G. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

For any industry, employees are an organization's most valuable asset. Your Company has recruited competent trained and skilled employees at all levels of management for all verticals of the Company like Roads, Irrigation Division, commercial construction, as a part of corporate restructuring process and strengthening its business verticals to meet the pace of growth of your Company. The industrial relation is very cordial.

INDEPENDENT AUDITOR'S REPORT

**To
The Members of
Akash Infra-Projects Limited**

REPORT ON THE AUDIT OF STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of **AKASH INFRA-PROJECTS LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended on that date and a summary of the significant accounting policies and other explanatory information (here in after referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013(the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no separate key audit matters to be communicated in our report, except as reported as under:-

1. The increase in Revenue from Operations during FY 2025-26, reflects higher execution of road construction projects, with a corresponding rise in Cost of Materials Consumed owing to increased project volumes and material price escalation.
2. Other Comprehensive Income includes Rs. 3.35 lakhs representing remeasurement (actuarial gains/losses) of the net defined benefit gratuity obligation, recognized in OCI under Ind AS 19 and not subsequently reclassified to profit or loss.
3. Trade receivables outstanding for a period exceeding 180 days aggregate to Rs. 143.99 Crores. As informed to us by the management, a major portion of such long-outstanding receivables pertains to matters that are presently sub-judice and pending adjudication before the appropriate judicial forum. Total debtors reported in the enclosed financial statements, includes deduction of security deposits, TLD.
4. During the year under reporting **M/s. RRS & Associates**, Chartered Accountants, a previous statutory auditor has resigned, the firm has carried out unaudited limited review of results up to and including the quarter ended September 30, 2025.
5. The company has provided interest on unsecured loan at the yearend only.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon.

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and shareholder's information, but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in

accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a

going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **AKASH INFRA-PROJECTS LIMITED** of even date)
Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

We have audited the internal financial controls over financial report of **AKASH INFRA-PROJECTS LIMITED (‘the company’)** as on 31st March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit or Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of the assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the Companies Act, 2013(the ‘Act’).

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (‘the Guidance Note’) issued by the Institute of Chartered Accountants of India and the Standard on Auditing (‘SA’) prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls. Those Standards and Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of risks of material misstatement of standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls systems over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial controls over financial reporting is a process designed to

provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone financial statements for external purpose in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting included those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transaction are recorded as necessary to permit preparation of standalone financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also , projection of any evaluation of the internal financial controls over financial reporting to future periods are subjects to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of AKASH INFRA-PROJECTS LIMITED of even date)

To the best of our information and according to the explanation provided to us by the company and the books of accounts and records examined by us in the normal course of audit, we state that:-

1. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - a) (A)The Company has maintained proper records showing full particulars including quantitative details and situation of its Property, Plant and Equipment. The equipment used at sites updating work is in progress.

(B) There are no intangible assets held by the company during the year.
 - b) According to the information and explanation given to us, the Property, Plant and Equipment of the Company have been physically verified by the management at reasonable period during the year and no material discrepancies have been noticed on such verification. In our opinion the frequency of physical verification of Property, plant and equipments is reasonable having regard to the size of the company and nature of its business.
 - c) According to the information and explanation given to us and based on our examination of the relevant records, the title deeds of all immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee), disclosed in the financial statements are held in the name of the Company as at the balance sheet date.
 - d) The company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
2.
 - a) The inventories were physically verified during the year by the management at reasonable intervals and no material discrepancies were noticed on physical verification.
 - b) The Company has been sanctioned working capital limits in excess of Rs. 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institution are in agreement with the books of account of the Company.
3. The Company has made new investments in, companies, firms, Limited Liability Partnerships, and granted unsecured loans to other parties, during the year. Further the

Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties and hence reporting under clause iii(a) to iii(f) is not applicable.

4. The Company has complied with the provisions of section 185 and 186 of the act with respect to loans granted, investments made, guarantees given and security provided, to the extent applicable to it.
5. The company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3 (v) of the Order are not applicable.
6. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under section 148(1) of the Companies, Act, 2013 and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate and complete.
7. In respect to statutory dues:
 - a. In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income Tax and other material Statutory dues with the appropriate authorities. There were no undisputed statutory dues as on March 31, 2026, which were outstanding for more than six months from the date on which they became payable.
 - b. According to information and explanations given to us, there were no material dues of Income tax, Service Tax/ Goods and Service Tax, Custom duty, Cess, Provident Funds, ESI and any other statutory dues as applicable which have not been deposited on account of any dispute. (Refer note 40)
8. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessment under the Income Tax Act, 1961.
9.
 - a) According to information and explanation given to us and on the basis of our examination of the records of the company, the company is generally regular and has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any other lender on the date of our report.
 - b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - c) The term loans availed by the Company were used for the purpose for which they were obtained.
 - d) On an overall examination of the financial statements of the Company, fund raised on short term basis, have prima facie, not been used during the year for long-term purpose by the Company.

- e) The company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- f) The company has not raised any funds during the year on the pledge of securities held in its subsidiaries.
10. a) The company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- b) During the year, the company has not made any preferential allotment or private placement of shares or convertible debenture (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
11. a) As per information provided to us by the company, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4
- c) As prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year and upto the date of this report.
12. The company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
13. Transaction with related parties are in compliance with section 177 and 188 of the Act, where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standard.
14. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit report for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
15. In our opinion, during the year the Company has not entered into any non-cash transaction with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
16. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

17. The Company has not incurred any cash losses during the year and in the immediately preceding financial year.
18. There has been resignation of statutory auditors of the Company during the year, a **M/s. RRS & Associates**, Chartered Accountants firm has carried out unaudited limit review of Q1 and Q 2 of FY 2025-26 and resigned due to the personal reasons.
19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
20. The provision of section 135 of the Companies Act 2013 in relation to Corporate Social Responsibility are not applicable to the company during the year and hence reporting under this clause is not applicable.

The nature of work is primarily relating to the construction of roads, resurfacing, widening repairs of roads and minor bridges etc.

The company has migrated from NSE SME platform to NSE Main Board on 11th October, 2019.

NOTE 2. MATERIAL ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS**A. Basis of Preparation of Standalone Financial Statements:**

These financial statement for the year ended March 31, 2026 has been prepared in accordance with the Indian Accounting Standards (Ind AS) as specified under section 133 of the Companies Act 2013 read together with the Rules notified there under to the extent applicable and the other relevant provisions of the Act, pronouncements of the regulatory bodies applicable to the company.

The financial statements have been prepared on the historical cost basis except for certain financial assets and financial liabilities measured at fair value and Employee's defined benefit plan as per actuarial valuation, as explained in the accounting policies below.

The principal accounting policies are set out below.

B. Material Accounting Policies:**2.1 Current versus non-current classification**

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Company as per the guidance set out in Schedule III to the Act. Operating cycle for the business activities of the Company covers the duration of the project/contract/ service including the defect liability period, wherever applicable, and extends up to the realisation of receivables (including retention monies) within the credit period normally applicable to the respective project. Project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current or non-current based on 12 months period.

2.2 Revenue Recognition:**Revenue from Contracts with Customers:**

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services.

The revenue is recognized to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of

performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

In cases where the work performed till the reporting date has not reached the milestone specified in the contract, the Company recognizes the work in progress. In this method the work completed under each contract is measured on a regular basis and the corresponding output is recognized as revenue.

Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring good or service to a customer excluding amounts collected on behalf of a third party.

Sale of goods / Providing services:

Revenue from sale of goods or providing services is recognized when the control of the same is transferred to the customer and it is probable that the Company will collect the consideration to which it is entitled for the exchanged goods.

Performance obligations in respect of contracts for sale of manufactured and traded goods is considered as satisfied at a point in time when the control of the same is transferred to the customer and where there is an alternative use of the asset or the company does not have either explicit or implicit right of payment for performance completed till date.

Interest and dividend:

Interest income is accrued on a time basis by reference to the principal outstanding using effective interest rate method. Dividend income is recognized when the right to receive payment is established.

2.3 Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is recognized in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.4 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax assets relating to unabsorbed depreciation/business losses/losses under the head "capital gains"/other temporary differences are recognized and carried forward to the extent of available taxable temporary differences or where there is convincing other evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent it is reasonably certain that the Company will pay normal income tax during the specified period. Such asset is reviewed at each reporting date and the carrying amount of the MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.5 Property, plant and equipment:

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognized so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using the written-down value method over the useful lives of assets as prescribed under part C of schedule II of the Companies Act, 2013.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

Capital work in progress is stated at cost less accumulated impairment loss, if any.

2.6 Lease:

At the inception of a contract, the Company assesses whether a contract is or contains, a lease. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a Lessee:

Right of use Asset

The Company recognised a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises the initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Lease Liability:

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

Short-term leases and leases of low-value assets:

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by the class of underlying asset to which the right of use relates. A class of underlying assets is a grouping of underlying assets of a similar nature and use in the Company's operations. The election for leases for which the underlying asset is of low value can be made on a lease-by-lease basis.

At present there is no lease contract in the company.

2.7 Impairment of Non-Financial assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

2.8 Investment in subsidiary & joint venture:

The Company has elected to recognize its investments in subsidiaries and joint venture at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. The details of such investments are given in Note 4.

2.9 Inventory:

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value after providing for obsolescence, if any.

(i) Inventories are carried at the lower of cost or net realizable value.

(ii) Cost of inventories comprises of all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The method of determination of cost is as follows:

- Materials and supplies: on a First-in-First-Out (FIFO) method.
- Contract work-in-progress: Work-in-progress for projects under execution as at balance sheet date are valued at cost less provision, if any, for estimated losses. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on current estimates.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimate costs of completion and selling expenses.

The comparison of cost and net realisable value is made on inventory-by- inventory basis.

2.10 Provisions and Contingencies:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A contingent liability exists when there is a possible but not probable obligation or a present obligation that may, but probably will not; require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

2.11 Financial Instruments:

Financial assets and financial liabilities are recognized when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.12 Financial assets:

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost:

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer para of Impairment of financial assets.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income:

- The asset is held within a business model whose objective is achieved both by collecting Contractual cash flows and selling financial assets; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI, refer Para of Impairment of financial assets. All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognized when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognized in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

De-recognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

2.13 Financial liabilities:

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the

original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

2.14 Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction or that approximates the actual rates at the date of the transaction. Foreign currency monetary assets and liabilities are translated at the yearend rates. The difference between the rates prevailing on the date of transaction and on the date of settlement as also on transaction Monetary items at the end of year is recognized, as the case may be, as income or expense for the period.

Non-Monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in foreign currency, are transferred using the exchange rates at the date when the fair value is measured.

2.15 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.16 Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.17 Borrowing Cost:

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, are added to the cost of those assets, up to the date when the assets are ready for their intended use. All other borrowing costs are expensed in the period they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.18 Segment Reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for preparing and presenting the financial statements for the Company as a whole.

2.19 Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders after deducting preference dividends and attributable taxes by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any

2.20 Critical Accounting Estimates And Judgements:

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 2.3)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 2.5)
- Estimation of taxes (Note 2.4)
- Estimation of lease (Note 2.6)
- Estimation of impairment (Note 2.7 & 2.12)
- Estimation of provision and contingent liabilities (Note 2.10)

2.21 Recent Accounting Pronouncements:

Standards issued but not yet effective

In exercise of the powers conferred by section 133 read with section 469 of the Companies Act, 2013 (18 of 2013), the Central Government in consultation with the National Financial Reporting Authority have issued certain amendments to the Indian Accounting Standards (Ind AS) that have not yet become effective for the Company's reporting periods at the date of these interim financial statements. The Companies (Indian Accounting Standards) Second Amendment Rules, 2025, notified on 13 August 2025, include amendments that are effective for annual reporting periods beginning on or after 1 April 2026:

- Ind AS 1 — Presentation of Financial Statements: Further amendments on classification of liabilities as current or non-current, including requirements relating to breaches of loan covenants, grace periods, and disclosure of related risks (paragraphs 74, 75, 75A and 76).
- Ind AS 10 — Events after the Reporting Period: Consequential amendments aligning terminology and treatment with Ind AS 1

- Ind AS 12 — Income Taxes: Certain disclosure requirements relating to international tax reform (Pillar Two model rules), including qualitative and quantitative information on exposure to Pillar Two income taxes are mandatory for interim reporting.

Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- ✓ Company has invested in equity share of "The Gandhinagar Urban Co-op Bank Ltd." as it is requirement for bank account operation. Therefore, the amount invested is considered as fair value.

Fair Value of Financial Assets & Liabilities measured at amortised cost

- ✓ The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.
- ✓ The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. They are subsequently measured at amortised cost at balance sheet date.

35. Financial Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to.

Credit Risk Management

Company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assesses and maintains an internal credit rating system. Internal credit rating is performed on for each class of financial instruments with different characteristics.

The Company has entered into contracts for construction of roads, resurfacing, widening repairs of roads and minor bridges with government authorities on an installment basis. The installments are specified in the contracts. The Company is exposed to credit risk in respect of installments due. For disputed dues with Ahmedabad Municipal Corporation, The sole arbitrator had passed total 51 order in the matter and granted the award of Principal amount of claim Rs. 62.34 Crore and Rs.23.04 Crore aggregating to 85.38 Crores in favor of the company. Hence, company evaluates the concentration of risk with respect to trade receivable as low.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet

obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Market Risk Management

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company does not exposure outstanding on receivables or payables at the end of the reporting period but is exposed to foreign exchange risk as investment in subsidiary. Investment in subsidiary is measured at cost, so no impact on profit or loss and total equity.

Price Risk

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet at fair value through profit or loss.

The Company has not invested in any equity shares except that of "The Gandhinagar Urban Co-op Bank Ltd.", that is as part of mandatory requirement for bank account operation.

AKASH INFRA-PROJECTS LIMITED.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026.

Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2025 and 31 March 2024, the Company's borrowings at variable rate were mainly denominated in INR.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

36. Capital Management

The Company's objectives when managing capital are to

- ✓ safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- ✓ Maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the balance sheet).

Particulars	Amt. in Lacs.	
	31 March 2026	31 March 2025

INDEPENDENT AUDITOR'S REPORT

**To
The Members of
Akash Infra-Projects Limited**

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of **AKASH INFRA-PROJECTS LIMITED**, ("Holding Company") and its subsidiary (Holding Company and its subsidiaries together referred to as the "Group") and the Group's share of profit / loss in its associates companies, which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein referred to as "the consolidated financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA") specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have

determined that there are no key audit matters to be communicated in our report.

a) Include the results of following entities:

- a. Akash Infra-Projects Limited – Parent Company
- b. Akash Infra Inc. – Subsidiary company **audited by other auditor**

- i) In the results of the holding company interest on unsecured loan was provided at the yearend only.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Corporate Governance Report and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including

other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group are also responsible for overseeing the group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of

accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities including in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We considered quantitative materiality and qualitative factors in (i) planning the scope of our work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements of the associates, we report, to the extent applicable, that:

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of AKASH INFRA-PROJECTS LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of **AKASH INFRA-PROJECTS LIMITED** (hereinafter referred to as “Holding Company”) as of and for the year ended on March 31, 2026, we have audited the internal financial controls with reference to consolidated financial statement of the holding company and its associates incorporated in India. The subsidiary companies are company incorporated outside India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Company, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013(the “Act”).

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing(“SA”), prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of risks of material misstatement of financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purpose in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting included those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transaction are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also , projection of any evaluation of the internal financial controls over financial reporting to future periods are subjects to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding company and its associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at 31st March, 2026, based on the criteria for internal financial control with reference to Consolidated Financial Statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements insofar as it related to two associate companies, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

The nature of work is primarily relating to the construction of roads, resurfacing, widening repairs of roads and minor bridges etc.

The company has migrated from NSE SME board to NSE Main Board 11th October, 2019.

NOTE 2. MATERIAL ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS**A. Basis of Preparation of Consolidation Financial Statements:**

These consolidation financial statements for the year ended March 31, 2026 has been prepared in accordance with the Indian Accounting Standards (Ind AS) as specified under section 133 of the Companies Act 2013 read together with the Rules notified there under to the extent applicable and the other relevant provisions of the Act, pronouncements of the regulatory bodies applicable to the company.

These consolidated financial statements are presented in Indian Rupees (INR), which is also the Group's functional currency.

The principal accounting policies are set out below.

B. Material Accounting Policies:**2.1 Basis of consolidation****Subsidiaries**

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Equity accounted investees

When the Group has with other parties' joint control of the arrangement and rights to the net assets of the joint arrangement, it recognises its interest as joint ventures. Joint control exists when the decisions about the relevant activities require unanimous consent of the parties sharing the control.

When the Group has significant influence over the other entity, it recognises such interests as associates. An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies.

Interests in joint venture and associate entities are accounted for using the equity method. They are initially recognised at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and other comprehensive income of equity accounted investees.

The Group discontinues the use of the equity method from the date when the investment ceases to be a joint venture or an associate or when the investment is classified as held for sale. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognized in other comprehensive income by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

Interests in joint operations

When the Group has joint control of the arrangement based on contractually determined right to the assets and obligations for liabilities, it recognises such interests as joint operations. Joint control exists when the decisions about the relevant activities require unanimous consent of the parties sharing the control. In respect of its interests in joint operations, the Group recognises its share in assets, liabilities, income and expenses line-by-line in the standalone financial statements of the entity which is party to such joint arrangement which then becomes part of the consolidated financial statements of the Group when the financial statements of the Parent Company and its subsidiaries are combined for consolidation. Interests in joint operations are included in these arrangements to which they relate.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee.

Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated losses, if any. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable

amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2.2 Current versus non-current classification

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Group as per the guidance set out in Schedule III to the Act. Operating cycle for the business activities of the Group covers the duration of the project/contract/ service including the defect liability period, wherever applicable, and extends up to the realisation of receivables (including retention monies) within the credit period normally applicable to the respective project. Project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All Other than assets and liabilities have been classified into current or non-current based on 12 months period.

2.3 Revenue Recognition:

Revenue from Contracts with Customers:

Revenue from contract with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services.

The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

In cases where the work performed till the reporting date has not reached the milestone specified in the contract, the Company recognises the work in progress. In this method the work completed under each contract is measured on a regular basis and the corresponding output is recognised as revenue.

Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring good or service to a customer excluding amounts collected on behalf of a third party.

Sale of goods:

Revenue from sale of goods is recognised when the control of the same is transferred to the customer and it is probable that the Group will collect the consideration to which it is entitled for the exchanged goods.

Performance obligations in respect of contracts for sale of manufactured and traded goods is considered as satisfied at a point in time when the control of the same is transferred to the customer and where there is an alternative use of the asset or the Group does not have either explicit or implicit right of payment for performance completed till date.

Interest and dividend:

Interest income is accrued on a time basis by reference to the principal outstanding using effective interest rate method. Dividend income is recognized when the right to receive payment is established.

2.4 Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is recognized in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

2.5 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax assets relating to unabsorbed depreciation/business losses/losses under the head “capital gains”/other temporary differences are recognised and carried forward to the extent of available taxable temporary differences or where there is convincing other evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent it is reasonably certain that the Company will pay normal income tax during the specified period. Such asset is reviewed at each reporting date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.6 Property, plant and equipment:

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognized so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using the written-down value method over the useful lives of assets as prescribed under part C of schedule II of the Companies Act, 2013.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

Capital work in progress is stated at cost less accumulated impairment loss, if any.

2.7 Lease:

Finance Lease - Agreements are classified as finance leases, if substantially all the risks and rewards incidental to ownership of the leased asset is transferred to the lessee.

Operating Lease - Agreements which are not classified as finance leases are considered as operating lease.

Operating lease payments/income are recognised as an expense/income in the consolidation statement of profit and loss on a straight-line basis over the lease term unless there is another systematic basis which is more representative of the time pattern of the lease.

At the inception of a contract, the Group assesses whether a contract is or contains, a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

As a Lessee

Right of use Asset

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Lease Liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

Short-term lease and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Group's operations. The election for leases for which the underlying asset is of low value can be made on a lease-by-lease basis.

2.8 Impairment of Non-Financial assets:

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value

using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

2.9 Inventory:

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value after providing for obsolescence, if any.

(i) Inventories are carried at the lower of cost or net realizable value.

(ii) Cost of inventories comprises of all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The method of determination of cost is as follows:

- Materials and supplies: on a First-in-First-Out (FIFO) method.
- Contract work-in-progress: Work-in-progress for projects under execution as at balance sheet date are valued at cost less provision, if any, for estimated losses. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on current estimates.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimate costs of completion and selling expenses.

The comparison of cost and net realisable value is made on inventory-by- inventory basis.

2.10 Provisions and Contingencies:

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A contingent liability exists when there is a possible but not probable obligation or a present obligation that may, but probably will not; require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

2.11 Financial Instruments:

Financial assets and financial liabilities are recognized when a Group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.12 Financial assets:

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost:

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer para of Impairment of financial assets.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income:

- The asset is held within a business model whose objective is achieved both by collecting Contractual cash flows and selling financial assets; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI, refer Para of Impairment of financial assets. All other financial assets are subsequently measured at fair value. Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Group measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Group again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognized in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

De recognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

2.13 Financial liabilities:

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for de-recognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Group, and commitments issued by the Group to provide a loan at

below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition of financial liabilities

The Group derecognizes financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

2.14 Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction or that approximates the actual rates at the date of the transaction. Foreign currency monetary assets and liabilities are translated at the yearend rates. The difference between the rates prevailing on the date of transaction and on the date of settlement as also on transaction monetary items at the end of year is recognized, as the case may be, as income or expense for the period.

Non-Monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in foreign currency, are transferred using the exchange rates at the date when the fair value is measured.

Translation of financial statements of foreign entity:

On consolidation, the assets and liabilities of foreign operations are translated into presentation currency at the exchange rate prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised

in Foreign Currency Translation Reserve of consolidated other comprehensive income. On disposal of a foreign operation, this component of other comprehensive income relating to that particular foreign operation is reclassified to Consolidated Statement of Profit and Loss.

2.15 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.16 Cash and Cash Equivalents:

The Group considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.17 Borrowing Cost:

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, are added to the cost of those assets, up to the date when the assets are ready for their intended use. All other borrowing costs are expensed in the period they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.18 Segment Reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Group's performance and allocates the resources based on an analysis of various performance indicators by business segments.

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for preparing and presenting the financial statements for the Group as a whole.

2.19 Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders after deducting preference dividends and attributable taxes by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any

2.20 Critical Accounting Estimates And Judgements:

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions,

actual results could differ from these estimates. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 2.4)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 2.6)
- Estimation of taxes (Note 2.5)
- Estimation of lease (Note 2.7)
- Estimation of impairment (Note 2.8 & 2.12)
- Estimation of provision and contingent liabilities (Note 2.10)

2.21 Recent Accounting Pronouncements:

New and amended standards adopted by the Company:

Effective 1 April 2025 the Company has applied the following amendments to existing standards which has been notified by the Ministry of Corporate Affairs ("MCA"). The Companies (Indian Accounting Standards) Second Amendment Rules, 2025 on 13 August 2025 (published in the Official Gazette on 19 August 2025), introducing key amendments to:

- Ind AS 1 (Classification of liabilities as current or non-current and non-current liabilities with covenants);
- Ind AS 7 and Ind AS 107 (Disclosures for supplier finance arrangements); and
- Ind AS 12 (Global implementation of OCED Pillar Two model rules).

These amendments primarily relate to the classification of liabilities with covenants, additional disclosures for supplier finance arrangements, and a temporary exception for Pillar Two deferred taxes. The adoption of these amendments did not have a material impact on company's financial statements.

Standards issued but not yet effective.

In exercise of the powers conferred by section 133 read with section 469 of the Companies Act, 2013 (18 of 2013), the Central Government in consultation with the National Financial Reporting Authority have issued certain amendments to the Indian Accounting Standards (Ind AS) that have not yet become effective for the Company's reporting periods at the date of these interim financial statements. The Companies (Indian Accounting Standards) Second Amendment Rules, 2025, notified on 13 August 2025, include amendments that are effective for annual reporting periods beginning on or after 1 April 2026:

- Ind AS 1 — Presentation of Financial Statements: Further amendments on classification of liabilities as current or non-current, including requirements relating to breaches of loan covenants, grace periods, and disclosure of related risks (paragraphs 74, 75, 75A and 76).
- Ind AS 10 — Events after the Reporting Period: Consequential amendments aligning terminology and treatment with Ind AS 1
- Ind AS 12 — Income Taxes: Certain disclosure requirements relating to international tax reform (Pillar Two model rules), including qualitative and quantitative information on exposure to Pillar Two income taxes are mandatory for interim reporting.

The Company is in the process of evaluating the requirements of these amendments and their impact on the Company's financial statements. The impact, if any, will be given effect to in the period of initial application.

Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- ✓ Group has invested in equity share of "The Gandhinagar Urban Co-op Bank Ltd." as it is requirement for bank account operation. Therefore, the amount invested is considered as fair value.

Fair Value of Financial Assets & Liabilities measured at amortised cost

- ✓ The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.
- ✓ The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. They are subsequently measured at amortised cost at balance sheet date.

35. Financial Risk Management

The Group's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to.

Credit Risk Management

Group assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assesses and maintains an internal credit rating system. Internal credit rating is performed on for each class of financial instruments with different characteristics.

The Company has entered into contracts for construction of roads, resurfacing, widening repairs of roads and minor bridges with government authorities on an installment basis. The installments are specified in the contracts. The Company is exposed to credit risk in respect of installments due. For disputed dues with Ahmedabad Municipal Corporation, The sole arbitrator had passed total 51 order in the matter and granted the award of Principal amount of claim Rs. 62.34 Crore and Rs.23.04 Crore aggregating to 85.38 Crores in favor of the company. Hence, company evaluates the concentration of risk with respect to trade receivable as low.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Group treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the Group in accordance with practice and limits set by the Group. These limits vary by

Market Risk Management

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company does not exposure outstanding on receivables or payables at the end of the reporting period but is exposed to foreign exchange risk as investment in subsidiary. Investment in subsidiary is measured at cost, so no impact on profit or loss and total equity.

Price Risk

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet at fair value through profit or loss.

The Company has not invested in any equity shares except that of "The Gandhinagar Urban Co-op Bank Ltd.", that is as part of mandatory requirement for bank account operation.

Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2025 and 31 March 2024, the Company's borrowings at variable rate were mainly denominated in INR.

AKASH INFRA-PROJECTS LIMITED.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

36. Capital Management

The Company's objectives when managing capital are to

- ✓ Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- ✓ Maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the balance sheet).
